Director Vacancy

Fri, Feb 12, 2021 at 2:02 PM

To: Gordon Stankowski <gm@rnvwd.com>

Dear Gordon

I would like to offer my services and expertise to the Rural North Vacaville Water District Board of Directors as a director to fill the vacancy created by the untimely demise of Joe Gates.

A little background on me. I have been a real estate broker, dealer, developer, builder, rancher most of my life. I have a contractors license for engineering as well as building. I have developed more than 150 major subdivisions and have built more than 4000 homes. In Vacaville alone I have developed 6 or more major subdivisions and as you are aware I own the old Pippo ranch which I have an approved tentative map for 19 lots.

I also own a 4000+- acre ranch on Pleasants Valley rd and have two other ranches I am in escrow with presently. I also own 400 acre ranch in Colorado.

I also own Guns Fishing and other stuff in Vacaville and Dublin.

I have built numerous water systems in three states.

I have the skills to manage almost any task. I have sat on many homeowner association boards. I sat on the board of 1st Commercial bank in Sacramento in the 80's.

I believe I can offer some insight to the operation of the Board as I am also a customer. I currently have 16 shares in the district.

Thank you for your consideration.

William Morgan

February 13, 2021

Sir, Please accept my interest to become a member of the Water Board. I have been in the water district since its inception. I am a registered voter in Solano County and have lived at the same Vacaville residence 3851 Joslin Lane for 21 years.

Qualifications:

President of Buxup Corporation 100% shareholder 2001 – current

Buxup Corporation dba Palm Island Nursery Outlet is my business located at 5119 Quinn Road in Vacaville.

I have been in the nursery business since 1985, first as a sole proprietor of Neon Palm Nursery in Santa Rosa 1985- 2003. I incorporated in 2001 and ended the sole proprietorship in 2003. I moved the nursery to Vacaville in 2009 at 6263 Pleasants Valley Road until 2018 when I moved the nursery to its present location on Quinn Road. I regularly do all accounting and reports for my corporation to the various federal, state and county agencies.

During my 36 years in the nursery business I have designed many gardens for my customers. This would include the design and installation of irrigation and drainage systems. I have designed drought resistant and water wise gardens. I understand the need for conservation of water resources and the elimination of water waste. I have three wells on my Vacaville ranch supplying 52 irrigation stations. I regularly repair pipes, valves and booster pumps. I am thoroughly aware of water systems and supply matters.

I am in close contact with all of my neighbors on Joslin Lane and understand their worries and needs with regards to our water system. I am the best candidate for this position.

Board:

Thank you for providing a vital service to the members of the district.

I would like the opportunity to serve on the board of directors. Work with the other members in tackling the issues and coming up solutions.

I am an open and fair minded person. Willing to learn from the vast knowledge of the current board and management team. Thinking out of the box.

Thank you

Steve Strickland
