INDEPENDENT AUDITOR'S REPORT

Board of Directors Rural North Vacaville Water District P.O. Box 5097 Vacaville, CA 95696

Report on the Financial Statements

We have audited the accompanying financial statements of the Rural North Vacaville Water District (District), as of and for the fiscal year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. The prior year comparative information has been derived from the District's 2018 financial statements and, in our report dated January 20, 2019, we expressed an unmodified opinion on the basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and the maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Directors Rural North Vacaville Water District Vacaville, CA 95696

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Rural North Vacaville Water District as of June 30, 2019, and the respective changes in financial position, and cash flows thereof, for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

New Reporting Basis

As disclosed in Note 1 of the financial statements, beginning in the year ended June 30, 2019, the District reclassified its financial statement presentation from a governmental activities classification to a business-type activities classification. Likewise, the financial statements for the year ended June 30, 2018, have been restated to conform to the new classification. This is a correction of an error in the prior year reporting and has no effect on our opinion.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 through 9, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors Rural North Vacaville Water District Vacaville, CA 95696

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Rural North Vacaville Water District's financial statements. The accompanying additional information on pages 20-21 is presented for the purpose of additional analysis and is not a required part of the financial statements. The additional information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Management's Discussion and Analysis For the Year Ended June 30, 2019

As management of the Rural North Vacaville Water District of Solano County, California, (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information in our financial statements.

Financial Highlights

- The District's net position totaled \$5,928,480 at June 30, 2019. Of the amount \$926,365 (unrestricted net position) may be used to meet the District's ongoing obligations to citizens and creditors.
- The District's total net position increased \$451,262 as a result of current year's operations.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements.

The District's basic financial statements consist of:

- Statement of Net Position
- Statement of Revenues, Expenses, and Changes in Net Position
- Statement of Cash Flows
- Notes to the Financial Statements

The *Statement of Net Position* includes all of the District's assets and liabilities, with the difference between the two reported as Net Position. Net Position is displayed in three categories:

- Net investment in capital assets
- Restricted
- Unrestricted

This statement provides the basis for evaluating the capital structure of the District and assessing its liquidity and financial flexibility.

The *Statement of Revenues, Expenses, and Changes in Net Position* presents information which shows how the District's equity changed during each year. All of the year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The statement of revenues, expenses, and changes in net position measures the success of the District's operations during the year and determines whether the District has recovered its costs through monthly service fees and other charges.

Management's Discussion and Analysis For the Year Ended June 30, 2019

The *Statement of Cash Flows* provides information regarding the District's cash receipts and cash disbursements during the year. This statement reports cash activity in four categories:

- Operating Activities
- Non-Capital Financing Activities
- Capital and Related Financing Activities
- Investing Activities

The *Notes to the Financial Statements* provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found on pages 13-19 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning the District's budgetary comparison schedule. The supplementary information can be found on pages 20-21 of this report.

Management's Discussion and Analysis For the Year Ended June 30, 2019

As noted earlier, net position may serve over time as a useful indicator of the District's financial position. At June 30, 2019, the District reported a net position of \$5,928,480.

Total Net Position	\$ 5,928,480	\$ 5,477,218	\$ 5,060,965

Analysis of Change in Net Position

The assets exceeded its liabilities at June 30, 2019 by \$5,928,480.

The largest portion of the District's net position reflects its investments in capital assets (e.g., infrastructure and equipment) less any related outstanding debt used to acquire those assets. The District uses these assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position (24.3%) represents resources subject to external restrictions on how they may be used. The remaining balance of \$926,365 is unrestricted and may be used to meet the District's ongoing obligations to its property owners and creditors.

During the current fiscal year, the District increased its net position by \$451,262 from the prior fiscal year for an ending balance of \$5,928,480.

Management's Discussion and Analysis For the Year Ended June 30, 2019

Change in Net Position June 30, 2019

The table below shows the revenues, expenses, and changes in net position for the District:

	2019	2018	2017
Operating Revenues:			
Charges for services	\$ 586,481	\$ 565,910	\$ 553,990
Other operating income	6,538	2,985	10,460
Total operating revenues	593,019	568,895	564,450
Operating Expenses:			
Professional and specialized services	275,706	274,571	249,468
Maintenance	238,535	207,500	184,394
Depreciation	441,033	431,214	433,985
Utilities	45,178	45,204	45,013
All other program expenses	26,374	27,015	22,436
Total operating expenses	1,026,826	985,504	935,296
1 0 1	, ,		, , , , ,
Operating income	(433,807)	(416,609)	(370,846)
Non-Operating Revenues (Expenses):			
Special assessments	909,622	925,347	919,908
Investment earnings	34,165	23,234	16,748
Other income	31,318	-	40,000
Interest on long-term debt	(90,036)	(115,719)	(139,328)
Total non-operating revenues (expenses)	885,069	832,862	837,328
Change in net position	451,262	416,253	466,482
Net position - beginning	5,477,218	5,060,965	4,594,483
Net position - ending	\$ 5,928,480	\$ 5,477,218	\$ 5,060,965

<u>Operating revenues</u>: Operating revenues increased slightly from prior year by \$24,124, or 4.24%, primarily due to a rate increase of 2.00% and a slight increase in water usage.

<u>Operating expenses</u>: Operating expenses increased from prior year by \$41,322, or 4.19% primarily due to an increase in maintenance, operations, and depreciation expenses. The increase in maintenance expense was due to leak repairs and other minor repairs.

Management's Discussion and Analysis For the Year Ended June 30, 2019

Budgetary Highlights

The budgets (Adopted and Final versions) are reflected in the Budgetary Comparison Schedule, as presented on pages 20 in the Supplementary Information section of this report.

There were no changes between the Adopted and Final budgets of the District. Actual operating revenues recognized were less than budgeted amounts by \$6,981, or 1.16%. Actual expenses were greater than appropriations by \$43,360, or 6.92%, mainly due to the variability of the expenditures relating to leak repairs, other maintenance and minor repairs, and operations. Actual non-operating revenues (expenses) were higher than budgeted amounts by \$48,366, or 5.78%, due primarily to an increase in income from water rights and investment earnings.

Capital Assets and Debt Administration

Capital Assets

The District's capital assets as of June 30, 2019 totaled \$6,099,400 (net of accumulated depreciation). This investment in capital assets is comprised of infrastructure and equipment. Capital assets decreased by \$357,022 due to current year additions of \$84,011 less current year deprecation of \$441,033. Additional information on the District's capital assets can be found in Note 3 of this report.

Long-Term Debt

At June 30, 2019, the District had total debt outstanding of \$2,536,081 which is secured by liens and property taxes. For more information on the District's long-term debt, see Note 4 of this report.

Economic Factors and Next Year's Operating Activities

The following factors were considered in preparing the District's budget for the fiscal year 2019/20.

- The District's management anticipates the District's special assessment tax to remain the same.
- The District does not expect a significant change in revenue from water service operations.
- Management is focused on minimizing and reducing operating costs wherever possible.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest with the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addresses to the District's Board of Directors, P.O. Box 5097, Vacaville, CA 95696.

Notes to the Financial Statements For the Year Ended June 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Rural North Vacaville Water District (District) of Solano County was formed in June 1996 by a vote of the property owners residing with in the District boundaries located in northern Vacaville. The District operates as a Community Service District under the Government Code §61000. The District's primary purpose is to provide domestic water and water for fire protection through a public water distribution system to residents in the rural north Vacaville area. A special assessment property tax is assessed annually to residents of the District to repay the loan which financed the construction of the public potable water distribution system.

As defined by GASB Statements No. 14 and 39, *The Financial Reporting Entity*, the District is not financially accountable for any other entity other than itself, nor are there any other entities for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete.

In addition, based upon the above criteria, the District is not aware of any entity which would be financially accountable for the District that would result in the District being considered a component of the entity.

B. Measurement Focus, Basis of Accounting, and Basis of Presentation

New Reporting Basis

Beginning in the year ended June 30, 2019, the District reclassified its financial statement presentation from a governmental activities classification to a business-type activities classification (enterprise fund). Likewise, the financial statements for the year ended June 30, 2018, have been restated to conform to the new classification.

On the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position, business-like activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Fund equity is classified as Net Position.

District funds are classified as enterprise funds, which account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The acquisition and capital improvement of the physical plant facilities required to provide these goods and services are financed from existing cash resources, the issuance of bonds, and cash flow from operations.

Notes to the Financial Statements For the Year Ended June 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus, Basis of Accounting, and Basis of Presentation (continued)

New Reporting Basis (continued)

The principal operating revenues of the District are charges for services. Operating expenses for the District include the costs of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

C. Assets, Liabilities, and Net Position

Cash and Cash Equivalents

For the purposes of the Statement of Net Position and Statement of Cash Flows, "cash equivalents and investments" includes all demand, savings accounts, and certificates of deposits or short-term investments with an original maturity of three months or less.

Accounts Receivable

Accounts receivable represents the balance owed to the District for water usage.

Long-Term Receivable

Long-term receivable represents the balance due to the District from two residential water connection loans.

Such assets are recorded at historical cost if purchased or estimated historical cost if constructed. Donated capital assets are valued at their fair value on the date of donation.

Capital Assets

Capital assets, which include infrastructure and equipment, are reported in the District's financial statements. Capital assets are defined by the District's capitalization policy as assets with an initial cost of more than \$5,000 and have a useful life of three years or longer. Structures and improvements and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	Years
Equipment	3-7
Infrastructure	30

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Accounts Payable

Accounts payable represents the balance due for goods received and/or services rendered.

Notes to the Financial Statements For the Year Ended June 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Liabilities, and Net Position (continued)

Deposits Payable

Deposits payable represents security deposits for water meter rentals used with fire hydrants and new construction engineering and inspections.

Long-Term Obligations

Long-term obligations are reported as liabilities in the statement of net position. The payments due within a year are presented as current liabilities while the balance is presented as non-current liabilities.

Net Position

The District's financial statements utilize a net position presentation. The net position is categorized as net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt attributable to the acquisition construction or improvement of these assets reduce the balance of this category.
- Restricted for Debt Service This category is set up for the benefit of the lien
 holders in case there are delinquencies to ensure the District can still make its
 scheduled debt service payment.
- Restricted for Debt Extinguishment This category is set up for benefit of the lien holders to hold money in reserve to satisfy the debt. This category is comprised of prepayment and partial payments, interest earned, and payments made for reserve connections. The District must use these funds to satisfy the debt.
- *Unrestricted* This category represents net position of the District not restricted for any project or other purpose.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities at this date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Notes to the Financial Statements For the Year Ended June 30, 2019

NOTE 2: CASH AND INVESTMENTS

The District's cash resides in the Solano County Treasury and an outside bank account. The District's cash maintained in the County Treasury is pooled with the County of Solano. The District is a non-mandatory depositor. The District's ability to withdraw large sums of cash from the County Treasury may be subject to certain restrictions set by the County Treasury.

The County's pooled cash and investments are invested pursuant to investment policy guidelines established by the County Treasurer and approved by the County Board of Supervisors. The objectives of the policy (in order of priority) are: safety, liquidity, and yield. The policy addresses the soundness of financial institutions in which the County will deposit funds, types of investments as permitted by the California Government Code, and the percentage of the portfolio which may be invested in certain instruments with longer terms of maturity. A detailed breakdown of cash and investments and a categorization of risk factors are presented in the County of Solano Comprehensive Annual Financial Reports.

The District maintains (1) checking account and (2) savings accounts at a financial institution. As of June 30, 2019, and 2018, the aggregate balance of these (3) accounts was \$807,071 and \$857,822, respectively. The balance is not entirely covered by federal depository insurance. However, California Government Code requires a financial institution to secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The market value of the pledged securities in the collateral pool must be equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure deposits by pledging first trust deed mortgage notes having value of 150% of the secured public deposits.

Notes to the Financial Statements For the Year Ended June 30, 2019

NOTE 3: CAPITAL ASSETS

Capital assets activity for the fiscal year ended June 30, 2019 was as follows:

Notes to the Financial Statements For the Year Ended June 30, 2019

NOTE 4: LONG-TERM LIABILITIES

In June 2001, the District entered into two loan agreements to finance the construction of the water distribution system. The District borrowed \$5 million from California State Department of Water Resources at an interest rate of 2.800%, and \$8.8 million from California Department of Public Health at an interest rate of 2.793%. The remaining terms for both loan agreements E85001 and SRF1998CX108 are 4 years.

The annual debt service requirements to maturity for each loan are as follows:

Contract #E85001			Cont	ract #SRF1998C	X108
Year			Year		
Ended			Ended		
June 30,	Principal	Interest	June 30,	Principal	Interest

Notes to the Financial Statements For the Year Ended June 30, 2019

NOTE 5: RISK MANAGEMENT

On June 11, 2013, the District began participating in the Association of California Water Agencies Joint Powers Insurance Authority (JPIA). The purpose of JPIA is to spread the adverse effects of losses among the member agencies and to purchase excess insurance as a group, thereby reducing expenses. General liability coverage for the District is limited to \$5,000,000 per occurrence and in aggregate.

NOTE 6: SUBSEQUENT EVENTS

Subsequent events have been evaluated through February 14, 2020. No additional events were found that warranted disclosure.

Notes to the Supplementary Information For the Year Ended June 30, 2019

Budgetary Information

Pursuant to the District's Bylaws, *Article VII – Annual Budget*, the Board shall adopt and publish an annual budget setting forth the estimated cost for all activities and programs of the District.

Although the District is not required to utilize formal budgetary procedures, the District follows the County budget requirement and calendar. An operating budget is prepared on a modified accrual basis each fiscal year for the District. The final budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). The District has established budgetary control at the object code level within the District's financial accounting system. All annual appropriations lapse at the fiscal year end.
